TECHNICAL & SEARCH DIAGNOSTIC REPORT

SEO & Website Technical Audit: Tavola International

Target Domain: tavola.international | **CMS & SEO Stack:** WordPress + Rank Math SEO | **Category:** YMYL Cross-Border Tax & Advisory

1. Executive Summary & Architecture Overview

Tavola International serves U.S. expats and cross-border businesses with U.S. tax preparation, FBAR/FATCA compliance, Foreign Earned Income Exclusion (FEIE) planning, and global relocation advisory. Because cross-border tax compliance falls squarely under Google's **Your Money or Your Life (YMYL)** quality guidelines, organic rankings depend heavily on verifiable CPA/EA credentials, clean entity schema, and authoritative educational depth.

While baseline metadata is well-targeted, diagnostic inspection and Google Rich Results validation reveal misconfigured homepage structured data, an isolated brand entity disconnected from `tavola.group`, a virtual mailbox address in the footer, and an incomplete placeholder content section on the live homepage.

Audit Pillar	Severity	Diagnostic Finding & Search Impact
Structured Data & Schema	**Critical**	Rich Results Test detects `Articles (1)` on a commercial homepage plus warnings on `Local businesses (1)`; `Organization` lacks `parentOrganization` link to `tavola.group`.
Local NAP Consistency	**High**	Footer displays virtual mailbox `2045 W Grand Ave, Suite B, PMB 28197` instead of physical suite `939 W North Ave, Suite 750, Chicago, IL 60642`.
Content Completeness	**High**	Homepage displays an unlinked *"Insights & Resources — Coming Soon!"* placeholder block listing 5 non-clickable tax topics.
Ecosystem Standardization	**Moderate**	Uses Rank Math SEO while sister Tavola domains use Yoast SEO v28.8, causing divergent schema templates across the group.

2. Technical & Structured Data Findings

A. Misconfigured Homepage Schema & Disconnected Parent Entity

Google Rich Results testing of `https://tavola.international/` confirms three detected schema blocks: `Articles (1)` (with non-critical warnings), `Local businesses (1)` (with non-critical warnings), and `Organization (1)`.

- **Homepage Article Pollution:** Outputting `Article` structured data on a service homepage sends conflicting page-type signals to Googlebot and generates avoidable Search Console warnings.
- **Missing Parent Hub Connection:** The `Organization` block operates in isolation without referencing `https://tavola.group/#organization` via `parentOrganization`, preventing Tavola International from inheriting Tavola Group's established CPA authority and Inc. 5000 credibility.
- **Remediation:** Disable `Article` schema on the homepage template in Rank Math, configure primary schema type as `AccountingService`, and deploy the connected JSON-LD blueprint below.

B. Virtual Mailbox (PMB) Conflict in Footer & Local Schema

The global footer currently publishes `2045 W Grand Ave, Suite B, PMB 28197, Chicago IL 60612-1577` alongside phone number `847-925-1489` (which is shared with `tavola.group` and `tavolacreative.com`).

- **Search Impact:** Google's local search guidelines strictly prohibit Private Mailboxes (PMBs) and virtual offices in `LocalBusiness` schema and Google Business Profile listings. Sharing a phone number across domains with conflicting street addresses triggers duplicate/unverified business suppression.
- **Remediation:** Update the footer address to the physical Chicago headquarters (`939 W North Ave, Suite 750, Chicago, IL 60642`) or frame the domain as an international service-area division of Tavola Group.

3. On-Page SEO & YMYL Content Recommendations

Page / Element	Current State	Recommended Optimization
Homepage Title & Meta	`U.S. Expat Tax Services for Americans Abroad | Tavola International`	Title and meta description are strong and well-calibrated for international expat search intent. Maintain current metadata.
"Coming Soon!" Block	Live homepage lists 5 numbered topics under *Insights & Resources — Coming Soon!*	Remove placeholder "Coming Soon" text immediately. Publish dedicated pillar pages for `/fbar-fatca-filing/`, `/feie-foreign-tax-credit/`, and `/expat-tax-catch-up/`.
YMYL E-E-A-T Attribution	Service copy lacks named CPA/EA reviewer credentials on key tax guides.	Add visible CPA/Enrolled Agent author and tax-reviewer bylines linking to credentialed bios on `tavola.group/meet-the-team/` or a dedicated team page.
Cannibalization Control	`tavola.group` also hosts `/expat-services/` and `/international-services/`.	Canonicalize or consolidate overlapping expat tax pages onto `tavola.international` and link internally from `tavola.group` using descriptive anchor text.

4. Recommended JSON-LD Entity Schema

Replace the current homepage structured data with this `AccountingService` JSON-LD block to resolve validation warnings and link **Tavola International** directly to **Tavola Group**.

```
<script type="application/ld+json">
{
  "@context": "https://schema.org",
  "@type": "AccountingService",
  "@id": "https://www.tavola.international/#organization",
  "name": "Tavola International",
  "url": "https://www.tavola.international/",
  "telephone": "+1-847-925-1489",
  "parentOrganization": {
    "@type": "Organization",
    "@id": "https://tavola.group/#organization",
    "name": "Tavola Group",
    "url": "https://tavola.group/"
  },
  "address": {
    "@type": "PostalAddress",
    "streetAddress": "939 W North Ave, Suite 750",
    "addressLocality": "Chicago",
    "addressRegion": "IL",
    "postalCode": "60642",
    "addressCountry": "US"
  },
  "areaServed": {
    "@type": "Place",
    "name": "Worldwide"
  },
  "knowsAbout": [
    "U.S. Expat Tax Preparation",
    "FBAR and FATCA Compliance",
    "Foreign Earned Income Exclusion",
    "Cross-Border Tax Planning",
    "Streamlined Filing Compliance Procedures"
  ]
}
</script>
```

5. Prioritized 30-Day Implementation Roadmap

Timeline	Focus Area	Actionable Engineering & Content Tasks
Week 1	Schema & NAP Cleanup	Remove `Article` schema from homepage in Rank Math; deploy the `AccountingService` JSON-LD linked to `tavola.group`; replace `PMB 28197` in footer with `939 W North Ave, Suite 750`.
Week 2	Placeholder Removal & Consolidation	Remove the *"Coming Soon!"* section from the homepage; audit overlapping expat URLs on `tavola.group` and establish clean cross-domain internal links.
Weeks 3–4	YMYL Pillar Content & E-E-A-T	Publish comprehensive, CPA-reviewed pillar guides for FBAR/FATCA, FEIE, and Streamlined Offshore Procedures with `FAQPage` schema and credentialed author bios.
